*Thank you for purchasing from our RHB Collection
We know you will love this Silk just as much as we do !
Heres a few tips to care for your Mulberry silk Sleeping beauty Collection*

*Unlike silk clothing which is often manufactured using a light
low momme silk fabric and requires dry - cleaning only.*

RHB Silk pillowcase sets are designed using a high grade

6A silk fabric 22 momme

which means you are able to wash your set in the washing machine .

Follow these simple steps to prolong the life of your silk pillowcase set:

- 1. Turn your silk pillowcase inside out or place inside an old pillowcase or laundry bag to protect your silk during the wash cycle.*
- 2. Place your silk pillowcase in the washing machine on a cold or warm delicate cycle with a maximum water temperature of 30C.*
- 3. Use a laundry detergent that does not contain enzymes or bleach as this will damage your silk pillowcase.*
- 4. Line dry out of direct sunlight or on clothes rack .*
